Reading the gap

Next morning

Non impressions outnumber follow ups 4 to 1. Unreachable numbers are a data problem (dead or rotated SIMs), while unanswered calls are a timing problem, so retry the 728 unanswered numbers after 16:00 and early the next morning.

Coding calibration

Support rate ranges from **46%** (Ofonime Asuquo) to **73%** (Mfon Effiong). Agents are calling similar lists, so a spread this wide points to inconsistent coding, not different voters. **326** Positive calls have no feedback at all.

Reclassification applied

FOLLOW UP calls were screened by feedback: **311** → Undecided, **94** → Inapplicable, **27** → Positive.

Actions for Day 2

Team lead

- Make feedback mandatory on every connected call.
- Staggered lunch and prayer breaks so lines never go fully quiet.
- Re queue the 390 follow ups for the first hour of Day 2.

What Day 1 tells us

Day 1

About **6 in 10** voters engaged backed Sen. Ekpenyong and only **2.3%** were openly opposed. Among voters who gave a clear position, support stands at **78%**. Odukpani leads at **64%** and Bakassi trails at **49%**, but Calabar Municipal carries 26% of all conversations, so its 193 undecided and call back voters are the biggest pool to convert.

Candidate scorecard

Strength · Risk · Opportunity

- **Strength:** 78% of decided voters back Sen. Ekpenyong, and 65 voters volunteered to work or mobilise for the campaign.
- **Risk:** the leading grievance is **party / governance discontent** (33 mentions).
- **Opportunity:** education & scholarships (234), business & livelihood empowerment (153), roads & bridges (144) lead the asks; visible action on these would convert undecided voters in Ward 03 (Calabar Municipal) and Ward 07 (Calabar Municipal).

Recommendations

Day 2

- **Rebalance the call list:** Ward 06 (Calabar Municipal) and Ward 08 (Calabar Municipal) took 6% of conversations. Push Bakassi and other under covered wards on Day 2.
- **Work the persuadables:** 311 undecided voters, mostly in Ward 03 (Calabar Municipal) and Ward 07 (Calabar Municipal), are a priority call back list for senior agents.
- **Recycle the follow ups:** 390 voters asked for a call back. Re queue them for the next morning.
- **Escalate the needs list** to the campaign: education & scholarships, business & livelihood empowerment, roads & bridges, financial support dominate.
- **Engage the 65 volunteers** within 48 hours; several can mobilise others in their communities.
